CMI Product #8038

Issued 06/8/16

Safety Data Sheet
29 CFR 1910.1200

Section 1: Company and Product Identification

Product Name: 1,3-cyclohexadiene Ruthenium tricarbonyl

Product Code: 8038

Company: Colonial Metals, Inc.
Building 20
505 Blue Ball Road
Elkton, MD 21921 United States

Company Contact: EHS Director
Telephone Number: 410-398-7200
FAX Number: 410-398-2918
E-Mail: info@colonialmetals.com
Web Site: www.colonialmetals.com

Emergency Response: Supplier Emergency Contacts & Phone Number
Chemtrec: 800-424-9300
World Wide - Call COLLECT to U.S: 703-527-3887

Section 2: Hazards Identification

Hazard Pictograms:

Signal Word: Warning

Hazard Category:
Acute tox, oral Cat 5
Skin corrosion/irritation Cat 3
Serious eye damage/eye irritation Cat 3
Aspiration hazard Cat 2

Hazard Statements:
H303: May be harmful if swallowed
H316: Causes mild skin irritation
H320: Causes eye irritation
H305: May be harmful if swallowed and enters airways

Precautionary Statements:
P202: Do not handle until all safety precautions have been read and understood
P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking
P241: Use explosion-proof electrical/ventilating/light/equipment
P264: Wash thoroughly after handling
P280: Wear protective gloves/protective clothing/eye protection/face protection
P302+334: IF ON SKIN: Immerse in cool water/wrap in wet bandages
P405: Store locked up
P501: Dispose of contents/container in accordance with local/national/international rules.
P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing

Hazards not otherwise classified:

Conditions Aggravated By Exposure:
Any respiratory condition such as asthma. Maintain housekeeping and personal hygiene to minimize exposure and prevent sensitization. Platinum salts can cause a condition called Platnosis, effecting respiratory system.

Conditions Aggravated By Overexposure:
May result in pulmonary fibrosis. To the best of our knowledge, the chemical, the physical, and toxicological properties have not been thoroughly investigated.
Section 3: Composition / Information on Ingredients

Chemical Family: Platinum Group Metal
Organometallic Complex
Chemical Formula: C₉H₈O₃Ru

Section 4: First Aid Measures

General Info: Irritating to respiratory tract, skin & eyes. Maybe harmful if swallowed.

Notable Exposure symptoms:
- If ingested: Rinse mouth. Seek immediate medical attention. Clear the airway and administer artificial respiration if not breathing.
- If swallowed, do not induce vomiting unless directed to do so by medical personnel.
- If inhaled: Remove the victim from the contaminated area while protecting yourself from exposure by wearing an appropriate respirator. Put a similar respirator on the victim if possible. Get medical attention immediately if victim is having problems breathing.
- Eye contact: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do. Get medical attention.
- Skin contact: Take off immediately all contaminated clothing. Rinse with water thoroughly. Get medical advice if irritation develops or persists.

Section 5: Fire Fighting Measures

Extinguishing Suitable: Water spray. Dry chemical powder, carbon dioxide, or appropriate foam

Method / Equipment:
- Hazardous: Firefighters should wear self-contained breathing apparatus and full protective gear. Can decompose
- Decomposition Info: to emit toxic, irritating fumes of carbon monoxide, carbon dioxide and metal oxide.

Section 6: Accidental Release Measures

Personal precautions, Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Wear appropriate protective equipment and clothing during clean-up. Avoid breathing dust. Ventilate area if easy to do so. For personal protection, see section 8 of the SDS.

Containment: Contain actively spilling material if safe and easy to do so, avoid generating dust. Collect material and dispose.

Procedures: Collect all contaminated media, or other cleanup materials into a waste receptacle. If cleaning surface is necessary, utilize vacuum cleaner, provided adequate ventilation is available.

Section 7: Handling and Storage

Safe Handling Do not handle until all safety precautions have been read and understood. Keep containers tightly closed. Ensure adequate ventilation. Avoid breathing dust. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Wear appropriate personal protective equipment and wash thoroughly after handling. Protect against electrostatic charges

Recommendations for Storage: Store in cool, dry area in a tightly closed product container away from direct sunlight/heat. Store in sealed glass container, plastic, or plastic liners, in a cool, well ventilated, dry area away from air. Store under inert gas for long term stability.

Incompatibilities: Store away from strong acids or oxidizing agents. Refer to Section 10.

Section 8: Exposure Control / Personal Protection

General / Engineering Use with properly operating chemical fume hood designed for hazardous chemicals with adequate local and general exhaust ventilation.

Work Clothing: Protective work clothing which covers skin and prevents exposures.

Eye/face protection: Wear safety glasses with side shields or goggles or face shield.

Skin Protection: Wear chemical resistant gloves.

Respiratory: Utilize organic vapor respirator if airborne levels are not maintained or if ventilation is inadequate.

Section 10: Stability and Reactivity

General: This product is stable and non-reactive under normal conditions of use. Product is not subject to hazardous polymerization. Avoid open flame and ignition sources.

Incompatible materials: Oxidizing agents and air

Decomposition products: Can decompose to emit toxic, irritating fumes of carbon monoxide, carbon dioxide and metal oxide.

Section 11: Toxicological Information

General Information: The acute oral LD-50 Study was conducted

Toxicological Information (product):

Likely Routes of Exposure:
- Eye Contact
- Skin Contact
- Inhalation

Ingestion - possible, but considered unlikely.

Toxicological Information (contained substances)

Carcinogenicity or mutagenicity: No data available

Sensitization: Platinum salts, especially ionic platinum halogeno complexes, may cause severe allergic reactions.

Other Notes: Any respiratory condition such as asthma. Maintain housekeeping and personal hygiene to minimize exposure and prevent sensitization. Platinum salts can cause a condition called Platnosis, effecting respiratory system

Section 12: Ecological Information

General information: Product not tested.

Aquatic toxicity: No specific data available. Do not allow large quantities of product to reach water, ground water, water courses or sewer systems.

Degradation / Mobility info: No specific data available.

Bioaccumulative potential: No specific data available.

Section 13: Disposal Information

Product disposal: Dispose of product in accordance with local, regional, and national regulations. Consult with a licensed professional waste contractor to dispose of this material.

Container disposal: Treat empty containers with extra care. Consult waste contractor.

Other considerations: Chemical additions, processing, or otherwise altering this material may make the waste management information presented above incomplete, inaccurate, or otherwise inappropriate.

Section 14: Transport Information

DOT: Considered non-hazardous for transport.

IMO/IMDG: Considered non-hazardous for transport. Consult regulations

IATA: Considered non-hazardous for transport. Consult regulations
Section 15: Regulatory Information

**TSCA:** All ingredients of this product are listed under the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.

**Canadian DSL:** This product has been classified in accordance with the hazard criteria of CPR, and the MSDS contains all the information required by the CPR.
- DSL: No
- NDSL: No

**European Union (EU)**
- **S:** 24/25-22

**Regulatory Information:**
- **Safety Statements:** Avoid contact with skin and eyes. Do not breathe dust

Disclaimer: In compliance with the OSHA Hazard communication Standard, 29 C.F.R 1910.1200, we are providing you with a Materials Safety Data Sheet (MSDS) for the hazardous material you are purchasing.

It is your responsibility to educate your employees on the safe use of the hazardous material. With this in mind, a copy should be forwarded to the supervisor of the user or to the user themselves, and copy should be retained in your files for future reference.

Colonial Metals, Inc. makes no presentation as to the accuracy of the information in the MSDS. The information is believe to be correct; however, you (the customer), should perform your own investigation and independent verification. If you resell the product, you are responsible to forward the information in the MSDS to your customer.

Colonial Metals, Inc.
